Take a Vacation in a Glass...

I'm thrilled that the summer season is upon us. It's my favorite time of the year for entertaining, tinkering with fruity drink recipes and kicking back to relax. We all need to take a vacation even if we can't always get out and go somewhere. Luckily, there's a fun opportunity to "take a vacation in a glass!" Forget those crowded cabanas and pull out that special lounge chair in your back yard or your air conditioned living room. Create the perfect setting for you own "stay-cation." Throw a "stay-cation party" for your family and friends. Tell them you need company to stay refreshed! Remember to stay stocked with all the ingredients for your favorite Lolita® drink recipes, your Lolita® glassware and now your Lolita® martini and wine candles. (They're perfect to light at any party). So at your next party, if your guests come bearing food, drink or gifts – be sure to tell them to "Hey, stay awhile! And vacation while you stay, with a sip or two of course!"

Be the light of your next party!

Bring a Lolita® candle to the Hostess (and remember to light it for her too!) It's a gift she'll always treasure!
